WORK EXPERIENCE

ARCHITECT & ASSOCIATE - PICKARD CHILTON

New Haven, Connecticut, USA

Jan 2019 - Present

Led design efforts on commercial and residential highrise projects of varying scales, contributing from master planning through concept, schematic, and design development. Managed design teams, overseeing resources and aligning project goals with client expectations. Facilitated client collaboration by preparing presentations, integrating feedback, and refining design solutions. Coordinated closely with consultants to resolve design challenges and ensure seamless project execution. Worked alongside the Architect of Record (AOR) during construction documentation and administration to uphold design integrity and support project delivery. Key projects as follows:

- Mixed-Use Residential Development, Southwest US
Competition Entry, Concept Design, Schematic Design
- 530 Howard St, San Francisco, CA
Concept Design, Schematic Design
- CoStar Group Corporate Campus, Richmond, VA
Master Plan, Schematic Design, Design Development
- Le Coeur, Düsseldorf, Germany
Competition Entry, Schematic Design
- Next Generation Workplace, Amsterdam, The Netherlands
Competition Entry

INTERN - POPE DESIGN GROUP

Saint Paul, Minnesota, USA

Summer & Fall 2017, Summer 2018

Worked with a project team to produce construction drawings of various commercial, senior-living, and healthcare projects. Assisted in the production of architectural drawings, including plans, renderings, and construction documents. Key projects as follows:

- The CAPP Mixed Use Development, Minneapolis, MN
- Brio Senior Living, Johnston, IA
